

SMALL WORKZ

SMALL WORKZ

BRING YOUR SPACE BACK TO LIFE

Simply share your snag list with us, and we'll take care of everything from start to finish. We'll ensure all issues are resolved to the highest standard so you can stay focused on your next project.

All you need to do, is give us your snag list and we will manage the process to make sure everything is complete to a high standard and you can concentrate on the next Project.

Stay informed with regular updates, completion photos, and detailed snag reports. We can even custom-brand these reports with your logo, making it easy for you to forward them directly to your clients.

No need to send your Project Manager back and forth. We handle site visits, coordinate with subcontractors, resolve issues, and deliver a snag-free, client-ready handover – all saving you time, travel, and hassle.

From forgotten tasks to odd jobs others leave behind – we've got them covered. FM Managers and Maintenance Teams can rely on us to quickly complete those overlooked bits and pieces.

Unresolved or poorly completed issues can damage credibility and client trust. We help you maintain a professional standard that supports repeat business and strong referrals.

We reduce your workload so you can focus on growing your business.

Small Workz may be small by name, but we deliver big on quality.

WHY US

1 Our team actively resolves identified issues on site—minimising disruption, reducing the need for repeated visits, and allowing your Site and Project Managers to stay focused on delivering live projects to programme.

We understand the pace and precision required in the fit-out environment—and we're here to make handovers smoother, faster, and hassle-free

2

3 Whether you're working from a client-issued snag list or need us to produce one using industry-leading snagging platforms, we handle the process end-to-end.
